**COLIN SEELEY
...AND THE REST
VOL 2**

**AVAILABLE
MID NOVEMBER 2008**

COLIN SEELEY ...and the rest Volume two of his autobiography. Following the hugely successful Volume One of his autobiography, Colin Seeley's long-awaited Volume Two takes us from 1970 to the present day. Colin's career is a roller-coaster ride from boardroom to bailiffs, from frame-making to Formula One, sponsorship, team management. The list, like Colin's energy, is endless. This unique and highly personal account of the motorsport scene at the time is packed with photographs, many previously unpublished, and detailed accounts of events on the factory floor as well as on the race track, including the fascinating recollections and insights concerning the almost unbelievable happenings which led to the sad demise of Norton. His involvement with Bernie Ecclestone and Brabham is recorded with honesty and integrity, and certainly makes interesting reading. On every page, (and there are 336 of them!) Colin's sheer energy and optimism shine through, making this a really great read.
